COMPANY VALUES: While working for Valicoff Fruit Co, Inc. you will be expected to live the Sage values which are Integrity, Teamwork, Innovation, Passion, Respect & Pride. With these values you will learn to deliver the highest quality fruit & foster long-term relationships with our customers, employees, & growers. By learning these values, we can provide people with “An Exceptional Eating Experience” and be able to say with confidence that “We Do It Right Every Time”.

REPORTING AND INTERFACE RELATIONSHIPS:

REPORTS DIRECTLY TO: **GENERAL MANAGER**
OPERATIONS MANAGER
PRODUCTION MANAGER

DIRECTLY REPORTED TO: **PACKING LEAD(S)**
ONLINE QC(S)

JOB SUMMARY: The Sizer Operator oversees running the Greefa Sizer in a manner which maximizes production efficiency and grade standards. Primary duties involve programming the Greefa software to dictate line layout, defect allowances and balance overall packing line flow. The Sizer Operator will work closely with the packing leads and quality control personnel. While working with the packing leads, they will spread drops and maintain a consistent flow to optimize bin throughput while meeting the demands of packing instruction requirements. Interactions with quality control personnel will involve adjustments to defects, color and weights to maintain Sage grade standards. Majority of the work will require the use of computer software so an essential knowledge of computers will be necessary. Solid communication skills are required for working with management, employees and the Sage production coordinators.

Specific Duties & Responsibilities:

- Maintain Sage packing standards
- Understanding of Greefa Sizer software
- Understanding how to operate packing line equipment
- Understanding apple packing instructions
- Microsoft Excel for outlining production drop layouts
- Proactive approach to setting up packing line for production runs
- Maintaining constructive communication with managers, leads and employees
- Continuous Improvement
- Creating a culture of fairness & positivity
- Maintaining and enforcing SQF standards and processes
- Willingness to step up and assist the team in any way required
